

Exercise 2 – HTML

Create a page (movies.html) that showcases your favorite movies (2 or 3 is enough).

For each movie there should be:

- The title of the movie;
- A thumbnail image, like the original poster for the movie;
- These thumbnails should link to the Wikipedia or IMDB page where we can get more information about the movie;
- A short description of the movie;
- A list of the main actors (cast) with links to the corresponding page on Wikipedia or IMDB;
- Allow the user to see the movie's trailer from YouTube or other site;

The links should open a page in a different tab on the browser.

Example:

City of Angels

City of Angels is a 1998 American romantic fantasy film directed by Brad Silberling and starring Nicolas Cage and Meg Ryan. Set in Los Angeles, California, the film is a loose remake of Wim Wenders' 1987 film Wings of Desire (Der Himmel über Berlin), which was set in Berlin. As with the original, City of Angels tells the story of an angel (Cage) who falls in love with a mortal woman (Ryan), and wishes to become human in order to be with her. With the guidance of a man (Dennis Franz) who has already made the transition from immortality, the angel falls and discovers the human experience.
